- * Any commercial discrepancy in the Proforma Invoice needs to be confirmed back within 24 hours.
- * Our liability is limited to the value of the bare PCB in conformance of merchandise.
- * Electronic Components are purchased by us from our global sourcing partners. There can be unforeseen delays in delivery of the components due to the nature of the logistics channels.

- * Tolerances shall be as per our website, for further details. Please refer to pcbpower.com

 * In case of any clarification in technical inputs, a revised Shipment date will get communicated.

 * Even though we take utmost care to deliver your orders on time, due to the nature of our manufacturing and process industry, there may be some delay in delivery, which is beyond our control. We will not be able to accept any claims related to the deviation in the delivery.
- * Price is subject to change based on the number of drill holes and mechanical(routing) complexity.
- * For ENIG surface finish, prices confirmed for ENIG up to 30% area of the PCB. For more than 30% area of ENIG, rates may vary, and revision will be sent out.
- We take utmost care in selecting a mode of transport, but in case of any damage or loss of material or delay in transit, we will not be able to accept any claims.
- Delivery terms are subjected to receipt of final inputs and clarification on technical and financial queries raised by us.
- * CSIL/PCB POWER MARKET recommends storage of its products in an environmentally controlled and dust free area as per IPC standards.
